

NUCEDAR MILLS' complete exterior cladding system is finely milled from NuCedar Trim cellular PVC and is purposefully engineered to maintain faithful profiles, dimensional accuracy, durability and ease of installation unrivaled in the industry. Having your home the color you want is easier than ever. NuCedar rough sawn shingles, vertical siding and trim products are pre-finished with PPG Aquacron machine-applied UV resistant exterior paint and carry a 25-year warranty.

DURABILITY

Echon's products won't pull moisture from the ground or any other surface, which makes it perfect for exterior applications.

LOW MAINTENANCE

Sealed edges and protective masking ensures that Echon's PVC products are easily kept clean.

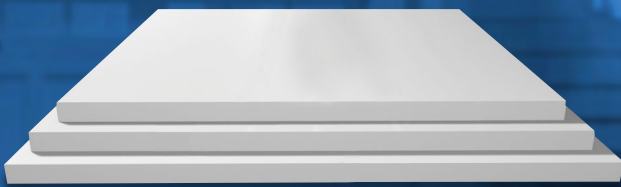

QUALITY

From a consistent high density formulation to precision tight tolerance, get no less than the very best PVC.
